Dear Chair Lopez-Rogers,

I would like to express the City of Peoria's interest in having William Mattingly, serve as Vice Chair of the MAG Air Quality Technical Advisory Committee. In his current role as the Public Works – Utilities Director for the City of Peoria most relevant to the committee's objectives, Mr. Mattingly oversees the various environmental programs for the City including the air quality program. He has served on the MAG Air Quality and Technical Advisory Committee since 2009.

Mr. Mattingly has a keen sense of judgment and thorough technical understanding of regional air quality issues and the role that member agencies play in regional planning. I strongly believe that he will be of great value to the committee.

Thank you for your consideration.

Sincerely,
