Item #8

Teri Kennedy,
Transportation Improvement Program Manager

MAP-21

- July 6, 2012, President Obama signed into law P.L. 112-141, the **Moving Ahead for Progress in the 21st Century Act (MAP-21)**.
- MAP-21 restructures core highway formula programs. Merges and consolidates Transit formula programs.
- Although MAP-21 achieves dramatic policy and programmatic changes, reform of the way highway & transit programs are funded remains a challenge for the future.*

Two Years of Funding

MAP-21

- **Surface Transportation Program is authorized through FFY14**
 - SAFETEA-LU funding was extended through end of FFY12 (10 CRs)
 - Most new provisions go into effect on October 1st, 2012, **performance** levels *tba*
- **Overall Surface Transportation Program funding is at FFY2012 levels. Average annual funding for CMAQ and PL at FFY2009 levels (OA unknown at this time).**
- **Extends Highway Trust Fund taxes and ensures 2 years of solvency for Highway Trust Fund (HTF)**
- **Substantial programmatic consolidation**
 - No earmarks
 - Most discretionary programs eliminated

FHWA Apportioned Programs

MAP-2I	SAFETEA-LU
National Highway Performance Program (NHPP)	NHS, IM, & Bridge (portion)
Surface Transportation Program (STP)	STP & Bridge (portion)
Congestion Mitigation & Air Quality Improvement Program (CMAQ), <i>new PM 2.5 compliance areas</i>	CMAQ
Highway Safety Improvement Program (HSIP)	HSIP (incl. High Risk Rural Roads)
Railway-Highway Grade Crossing (takedown from HSIP)	Railway Highway Grade Crossing
Metropolitan Planning	Metropolitan Planning
Transportation Alternatives (set-a-side from NHPP, STP, HSIP, CMAQ, and Metro Planning)	Transportation Enhancements, Recreational Trails, & Safe Routes to School

TIP Planning, Transition into MAP-21:

- MAP-21 is a **2 year bill** to address a **5 year project development process**
- MAG will work under the reasonable **assumption** that MAP-21 will be continued through extensions & continuing resolutions to program the FY2014-18 TIP and the RTP update
 - **Funding for some programs eliminated**, combined, reduced
 - Existing projects programmed for FFY 2013 & 2014 under SAFETEA LU rules and guidance
 - **MAG is working with ADOT and FHWA to implement new MAP-21 rules and guidance**

MAP-2I Formula Approach

Authorize lump sum for all apportioned programs

Calculate total amount to apportion to each State

Divide State lump sum among programs

**** Apply funding reductions based on noncompliance****

Division of a State's apportionment among programs

CMAQ

State's lump sum multiplied by...

- State's FY09 CMAQ
- State's total FY09 apportionment

Metro Planning

State's lump sum multiplied by...

- State's FY09 Metro Planning
- State's total FY09 apportionment

Remainder

(net of CMAQ, Metro Planning) divided among...

- **NHPP** (63.7%)
- **STP** (29.3%)
- **HSIP** (7.0%)

...and then setasides for **Rail-Highway Grade Crossings** and the **Transportation Alternatives** program

Comments About MAP-21

- Overall Funding levels for Statewide Program is at 2012 distribution levels.
- Funding for MAP-21 CMAQ and PL programs, are based on each state's 2009 total apportionment of CMAQ and PL.
- **More concentration on Safety and Performance**
- Funding distributed within the state based on 2010 Census info
- **AZ has 3 new eligible MPOs forming**
 - Sierra Vista
 - Lake Havasu City
 - Casa Grande

Transportation Alternatives (TA)

Incorporates eligibilities from many current programs

- Most (but not all) formerly Transportation Enhancements (TE) - eligible activities
- Safe Routes to Schools program (SRTS)
- **New:** Planning, designing, or constructing roadways within the ROW of former Interstate or other divided highways

Similar funding level to TEs under SAFETEA-LU

- **Total TA \$ equal to 2% of MAP-21 highway funding**
- Funded via takedown from each State's formula funds
- **50% sub-allocated for more local control**
- 50% State allocation can be transferred to other formula programs

TA Funding Distribution FY2013 example

AZ Apportionment

- \$16.85 million to AZ, then slice 1/3 off the top to the Recreational Trails portion
- Cut in Half remainder
 - \$5.64 AZ Statewide
 - \$5.64 distributed to areas by population in state for local regional programming

MAG

- MAG Population Percent of State Pop times \$5.64
- Reduced by allowable Obligation Authority limit \approx 94.6%
- Funding for FY2013 \approx **\$4.21 million**

Questions about Existing TE and SRTS Projects

- With the reduction in Statewide funding for Transportation Enhancements, Rec Trails, and SRTS, ADOT is evaluating all statewide STIP project listings for FFY2012, 13, 14, 15 (from SAFETEA-LU)
- **For local control of TA program:**
 - How should the program develop?
 - Projects need to be **competitively evaluated**. Criteria will be developed to evaluate projects in a competitive process.

Two step approach for TA Program

Near Term FY 2013-14

- Evaluate current TE & SRTS projects in STIP/TIP
 - Workbooks sent out in October; collected in November, Report January
- Evaluate funding shortages for programmed projects, in MAG region
- Develop & Present scenarios to utilize TA program OA for FFY 2013-14

Long Term FY 2015-18

- Determine MAG priorities and eligible activities
- Assign staff and committee
- Develop program evaluation & performance criteria
- Schedule Call For Projects (Summer 2013)
- Collect and evaluate applications
- Program in the TIP
