A RESOLUTION OF THE MARICOPA ASSOCIATION OF GOVERNMENTS
APPROVING THE 2019 MAG SOCIOECONOMIC PROJECTIONS

WHEREAS, the Maricopa Association of Governments (MAG) was formed in 1967 as a Council of Governments and provides regional planning assistance in transportation, air quality, water quality, solid waste, population projections, growth/open space, human services, 9-1-1 and public works; and

WHEREAS, an official set of projections is required to be used in transportation, air quality and water quality management plans as well as providing the base for all other regional planning activities; and

WHEREAS, the MAG Metropolitan Planning Organization (MPO) area encompasses area within both Maricopa County and Pinal County; and

WHEREAS, the MAG region had a population in 2018 of 4.6 million, which accounts for 65% of the state; and

WHEREAS, up-to-date projections are crucial for managing future growth; and

WHEREAS, the general plans of local jurisdictions go beyond their current corporate limits in order to plan for and guide future growth; and

WHEREAS, socioeconomic projections require that the future corporate limits and a consistent geography over time be established for each jurisdiction; and

WHEREAS, Municipal Planning Area boundaries are determined by MAG member agencies in consultation with MAG; and

WHEREAS, Municipal Planning Areas identify the anticipated future corporate limits of a city or town. have been used by MAG in preparing projections since 1983, and are used in the MAG 208 Water Quality Management Plan; and

WHEREAS, MAG worked jointly with Central Arizona Governments (CAG) to create the 2019 MAG Socioeconomic Projections for jurisdictions within Pinal County;

WHEREAS, the county projections are consistent with the statewide projections created by the Arizona State Demographer's Office and were adopted by MAG Regional Council in February 2019.

NOW THEREFORE, BE IT RESOLVED that the Regional Council for the Maricopa Association of Governments approves the Municipal Planning Areas and the 2019 MAG socioeconomic projections of population and employment for July 1, 2020, 2030, 2040, 2050, and 2055 by Municipal Planning Area and Regional Analysis Zone and by incorporated area annually for July 1, 2018 through 2055 for use in all regional planning activities.

PASSED AND ADOPTED BY THE MARICOPA ASSOCIATION OF GOVERNMENTS THIS TWENTY-SIXTH DAY OF JUNE, 2019.

Mayor Gail Babary
Chair, MAG Regional Council

ATTEST:

Eric Anderson
MAG Executive Director

Appendices

Appendix A: Notes and Caveats .................................................. 45

Appendix B: Glossary of Terms .................................................. 47
NOTES AND CAVEATS FOR 2019 PROJECTIONS

1. The projections by municipal planning area (MPA) and regional analysis zone (RAZ) were prepared to be consistent with the July 1, 2018 population estimates and have been prepared for July 1st of the base year 2018 and projected for July 1st of 2020, 2030, 2040, 2050, and 2055.

2. The 2018 housing and population base was developed by aggregating 2013-2017 American Community Survey data to traffic analysis zones (TAZs). Census place mismatches were corrected in this process and are reflected in the base 2018 MPA and RAZ numbers.

3. The population projections are for resident population only and do not include non-resident seasonal or transient population.

4. The projections are required to use the latest census as the base. The 2013-2017 ACS data were released in January 2019. Subsequent to the release, the Arizona State Demographer prepared a new set of Maricopa County projections consistent with the 2018 population estimate. These county projections were recommended for approval by the MAG Population Technical Advisory Committee (POPTAC) in January 2019 and the Management Committee in February 2019. The projections were approved by the Regional Council in February 2019.

5. The MAG socioeconomic projections by MPA and RAZ were recommended for approval by the MAG POPTAC on June 4, 2019, and by the MAG Management Committee on June 12, 2019. The projections were adopted by MAG Regional Council on June 26, 2019.

6. The projections include the Maricopa County portions of Peoria and Wickenburg only with the exception of the annual jurisdiction level numbers, which do include the population in Yavapai County for Wickenburg and Peoria.

7. The projections were based upon the latest version of each member agency’s general plan and known developments. These plans are subject to change.

8. The databases and assumptions upon which the projections are based have been reviewed by MAG member agencies, revised by MAG staff based on input received and approved by members of the MAG POPTAC.
9. The projections are based upon previous review and local insight by members of the MAG POPTAC.

10. The projections should be used with caution. They are subject to change as a result of fluctuation in economic and development conditions, local development policies and updated data.

11. To ensure consistency with Census 2020 results, the 2019 MAG Socioeconomic Projections may require an interim update earlier than the next set of projections that are scheduled for late 2022 to mid-2023.
APPENDIX B

GLOSSARY OF TERMS

**Base Population**: Population base for the current estimate, usually the last Decennial Census or a special census or census survey taken since then.

**Employment**: The total number of jobs of persons receiving wage or salary to work in a given industry. This measure of employment only includes persons over the age of 16 and does not include working within the home without outside wage or volunteering. An employee works in the designated weekly time period at least one hour.

**Municipal Planning Area (MPA)**: An MPA represents the area of planning concern for a municipality and is based upon its anticipated future corporate limits.

**Projection**: Numerical outcome of a set of assumptions (based on past trends) relating to future trends. The numbers are conditional upon these assumptions being fulfilled.

**Regional Analysis Zone (RAZ)**: An area within an MPA. RAZs can be either coterminous with or may be aggregated to form an MPA.
